

## Comments in tests for the walk

Good thru body

Marching well

Good Suppleness in back

Show more purpose

Needs more reach

More free shoulders

More relaxed thru back

Keep walk positive

More determined steps

Could be more resolute

Little overtrack in ext walk

Joints could bend more

Tight shoulders (/poll/neck /back)

Hesitant steps /Reluctant steps

### **Possible comments when the walk is 'borderline'**

Steps varying

Needs more clarity

Losing the V

Show more equal steps

Not always clear

Losing purity in parts

More quality needed in walk

Tending to be lateral at times

Hind/front legs not quite equal

Slightly short-long in front/behind

Tempo changing

Walk could be clearer

More defined steps
